Holland Named 2016 Regional LTL Carrier of the Year by Transplace

HOLLAND, Mich., Sept. 22, 2017 (GLOBE NEWSWIRE) -- Holland has been selected by Transplace as its 2016 Regional LTL Carrier of the Year. The award identifies top carriers in categories, based on over 20 million annual shipments across more than 300 customers. Transplace selected award winners based on consistently high performance in shipment execution in areas such as tender acceptance, on-time service, customer service, claims and other critical key performance indicators.

"Transplace managed over 20 million shipments last year. They have the experience to recognize true standouts among their transportation providers," said Scott Ware, president of Holland. "This makes it especially rewarding to earn their Carrier of the Year award in the regional carrier category. I am pleased to know our team consistently provides a great job making the Holland Difference."

An award of this caliber recognizes carriers representing just the top one percent of the providers Transplace relies on across all the lines of their business. Beyond the important service metrics considered in selecting its winners, Transplace also values the strong, collaborative relationship demonstrated by Holland.
