"We would like to congratulate Harvey, Larry and Rob on their dedication to safety and wish them continued success as they compete at the Canadian national championships," said Mike Smid, president-YRC Inc., and chief operations officer-YRC Worldwide. "As representatives to the Canadian national competition, they join an elite group of drivers who continue to set the standards for safety and professionalism by which all others are measured. It's a remarkable accomplishment."

Both the provincial and national competitions include challenging driving skills and maneuvering tests, a pre-trip inspection and a written examination covering vehicle operation and safety regulations. To participate in the competitions, drivers must be accident-free for one year.
