

YRC Glen Moore Celebrates 25 Years of Growth

OVERLAND PARK, Kan. - [YRC Worldwide Inc.](#) (Nasdaq: YRCW) congratulates its truckload service provider, YRC Glen Moore, for 25 years of quality service. Since its incorporation on May 27, 1986, YRC Glen Moore has moved more than 41 billion pounds of goods across over one billion miles of roadway during approximately 1.7 million trips throughout the United States.

YRC Glen Moore began operations in Glen Moore, Pa., hauling heavy equipment to job sites on flatbed equipment. Dry van equipment was added to the fleet for transporting general merchandise on contracted business. Today, YRC Glen Moore is one of the country's leaders in dry freight truckload van shipping, providing service to retailers, manufacturers and the government.

"Over the last 25 years, we added hundreds of customers, close to a thousand employees, nearly two thousands trailers, and a wide range of sophisticated technologies," said Gary Pruden, president-YRC Glen Moore. "We expanded our geographic footprint from the Northeast, and now reach from coast to coast. Through all of this, we have stayed consistent to our core principles of safety, service, and a culture of integrity and respect to our customers and to each other."

YRC Glen Moore was the recent recipient of the Mattel 2010 Truckload Carrier of the Year award and two "Mattel Team 100" service awards. In addition, for the third time in four years, readers of *Logistics Management* magazine recognized YRC Glen Moore with the 2010 Quest for Quality award, ranking the company as the No. 1 Dry Freight Truckload Carrier and scoring it highest among all dry freight truckload carriers in the individual categories of on-time performance and customer service.
